

9/27/2021

Dear Patient:

When I founded Fresh Dermatology 8 years ago I set out to build a world class dermatology practice that focuses on kindness and integrity, where every patient receives the time and individual care they deserve.

In order to continue providing the same level of care and services you have come to expect, I am excited to announce I have partnered with Sanova Dermatology that shares the same values and approach to patient care. Sanova Dermatology will enable us to continue to grow our practice, offer more services like Mohs surgery, dermatopathology and a fantastic support team to help optimize scheduling and back office support.

Along with this partnership comes a move to their new, larger Bee Cave location. Although it will be a fresh office, it will still be the same team (along with Maria and April) and care you have always enjoyed at Fresh Dermatology. Plus, their office manager, Marley and her amazing staff are going to be a perfect compliment to the team you know so well. I think you will love it as much as I do!

Starting October 27th, Maria, April and I will begin seeing patients at the new office, located just a few miles away on 620 near the Hill Country Galleria at [3944 Ranch Rd 620 S STE 201, Bee Cave, TX 78738](https://www.google.com/maps/place/3944+Ranch+Rd+620+S+STE+201,+Bee+Cave,+TX+78738). Should you need additional directions or help, please don't hesitate to call us.

**If you have an existing appointment on or after October 27th, we look forward to seeing you at the new office.** I can't thank you enough for your support and can't wait to show you the new office!

Sincerely,

A handwritten signature in black ink that reads "Candace Thrash". The signature is written in a cursive, flowing style.
